- Computer knowledge in applications such as Word Processing, Spreadsheet and Microsoft Offices.

How To Apply

Interested applicant may submit their Resume to hrd@assar.com.my on or before **4 November 2025.**

BASED IN KUCHING, SARAWAK

Key accountabilities:

- Develop audit strategies and formulate risk-based audit plan for the ASSAR Group.
- Ensure that requirements of International Professional Practice Framework ("IPPF") are appropriately applied when planning and conducting audit engagements.
- Responsible for ensuring internal audit activities are aligned with Enterprise Risk Management strategy and risk profiles.
- Evaluate the appropriateness and effectiveness of the internal control system over governance, risk and compliance areas for the ASSAR Group.
- Responsible for ensuring that the scope of work is appropriate for the audit assignment.
- Manage all resources efficiently to ensure the engagement objectives are met.
- Delegate tasks in a constructive and supportive manner.
- Supervise the execution of audit engagements to ensure that objectives are met, and quality is assured.
- Discuss audit findings and their impacts professionally and confidently with Management/process owners.
- Work with the Management to resolve issues that may have been identified through audit findings.
- Follow-up on status of rectification for outstanding Management actions.
